this is altogether a most worthwhile book a fine example of a growing genre of african literature choice mirza and strobel let these women speak about their lives in their own words and the results are wonderful this is an excellent book with which to introduce students both to africa and to life histories american historical review this exploration of the lives of three mombasa women reveals the complexity of swahili society its ethnic diversity the impact of slavery and the varied reactions to colonialism and western culture they illustrate the rich interactions within the women s community focused on family and festive or ritual occasions

family body sexuality and health is volume iii of the encyclopedia of women

islamic cultures in almost 200 well written entries it covers the broad field of family body sexuality and health and islamic cultures

domestic architecture and the use of space investigates the relationship between the built environment and the organisation of space the contributors are classical and prehistoric archaeologists anthropologists and architects who from their different backgrounds are able to provide some important and original insights into this relationship

gender justice and the law presents a collection of essays that examines how gender as a category of identity must continually be understood in relation to how structures of inequality define and shape its meaning it asks how notions of justice shape gender identity and whether the legal justice system itself privileges notions of gender or is itself gendered shaped by politics and policy gender justice essays contribute to understanding how theoretical practices of intersectionality relate to structures of inequality and relations formed as a result of their interaction given its theme the collection s essays examine theoretical practices of intersectional identity at the nexus of gender and justice that might also relate to issues of sexuality race class age and ability

africa is a vast continent home to many millions of people its history stretches back millennia and encompasses some of the most ancient civilizations in the world modern africa boasts a rich cultural heritage the legacy of many diverse influences from all around the world reflecting the central role african plays in world history encyclopedia of african peoples provides extensive information about africa s cultures history geography economics and politics it provides an invaluable overview of the whole continent region by region ethnic group by ethnic group nation by nation personality by personality sections include africa today the peoples of africa culture and history the nations of africa biographies past to present glossary index

the title of susan hirsch s study of disputes involving swahili muslims in coastal kenya reflects the image of gender relations most commonly associated with islamic law men need only pronounce divorce to resolve marital conflicts while embattled and embittered wives must persevere by silently enduring marital hardships but hirsch s observations of islamic courts uncover how muslim women actively use legal processes to transform their domestic lives achieving victories on some fronts but reinforcing their image as subordinate to men through the speech they produce in court pronouncing and persevering focuses closely on the language used in disputes particularly how men and women narrate their claims and how their speech shapes and is shaped by gender hierarchy in postcolonial swahili society based on field research and court testimony hirsch s book debunks the conventional view that women are powerless under islamic law and challenges the dichotomies through which

islam and gender relations are currently understood

we live in a world that sees and also contesting ideas of eurocentrism in the interpretation of various issues including african literatures and cultures this book seeks to engage readers into a critical examination of the meaning history ambiguity status and perceptions surrounding african languages and literature it presents current shifts in form and practice surrounding regional national and e postcolonial e models towards e world literature e by focusing on african literature as a focal point for understanding perceptions of the world towards african languages and literature the book shows the importance of wrestling with issues of global aftermaths of slavery audience readership diasporic and transnational connections as well as digital and social media without undermining the conflicts that literature presents in and on its own merit

the archaeology of slavery grapples with both the benefits and complications of a comparative approach to the archaeology of slavery contributors from different archaeological subfields including american african prehistoric and historical consider how to define slavery identify it in the archaeological record and study slavery as a diachronic process that covers enslavement to emancipation and beyond themes include how to define slavery how to identify slavery archaeologically enslavement and emancipation and the politics and ethics of slavery related research

focuses on women and the civilizations and societies in which islam has played a historic role surveys all facets of life society economy politics religion the arts popular culture sports health science medicine environment and so forth of women in these societies

this book considers the themes of modernity identity and politics on the east african coast and islands this area is undergoing rapid change as globalisation makes its impact tourism increased monetisation emigration and immigration and various multinational agencies are all significant factors the volume also focuses on how the swahili language literature and culture have been affected by modernity and the way in which swahili women continue to live under the strong social constraints that this community place them under
