В книге описана программа стабилизации движения автомобиля при резком повороте руля или боковом скольжении то есть при заносе Будет полезна всем кто водит современный автомобиль

in a business world predominantly oriented toward the future it has paradoxically become ever more common that companies turn towards their pasts this book empirically explores the phenomenon of organizational remembrance from a holistic cultural perspective based on a

twelve month ethnographic case study conducted at the headquarters of the german automobile company audi ag this study dissects the relationships between memory identity and image in a corporate setting the greater aim in doing so is twofold first this study examines exactly why and how a company officially manages its past in terms of history and tradition and second this study scrutinizes what effect organizational remembrance has on the workforce how it impacts their collective identification with a corporate community and influences their understanding of their daily working life by investigating the interplay between different stakeholder groups as well as their practices media mental models and other vehicles of remembrance an integrated account is offered which makes sense of the complex cultural forces at work in the corporate handling of the past the present and the future
